Dicht zetten van een materiaal Order (PP-order)

Start transactie CO02

The screenshot shows the 'Production Order Change: Initial Screen' in SAP. At the top, there is a title bar with the text 'Production Order Change: Initial Screen'. Below the title bar is a toolbar with five icons: a printer, a magnifying glass, a document with a checkmark, a document with a plus sign, and a document with a minus sign. The main area of the screen has a light blue background. On the left, there is a label 'Order' followed by a yellow input field and a small icon of a document with a plus sign. Below this, there is a section titled 'Selection for Collective Orders' with a light beige background. This section contains four radio buttons: 'Order entered', 'Order sub-tree', 'Collective order', and 'Display overview'. The 'Display overview' radio button is selected, indicated by a small circle with a dot inside.

Vul het materiaal order (PP-order)

This screenshot is identical to the one above, but the yellow input field next to the 'Order' label now contains the text '2033193'. The rest of the screen, including the title bar, toolbar, and the 'Selection for Collective Orders' section with the selected 'Display overview' radio button, remains the same.

Enter
